

STOCKBRIDGE
DELEGATION
Atlanta, Georgia 30334

August 13, 2026

To: Honorable Governor Kemp
206 Washington St, SW
Atlanta, GA 30334

From: City of Stockbridge Legislative Delegation

Governor Kemp,

The purpose of this letter is to request that you ask the Georgia Bureau of Investigation launch an investigation of any and all allegations surrounding the present situation in the City of Stockbridge as it pertains to the alleged actions of Mayor Jayden Williams, including potentially criminal conduct. Specifically, certain allegations have been made surrounding the unauthorized use of city provided purchasing cards, gasoline purchases using municipal funds, and other behavior unbecoming of the Office of the Mayor. Additionally, allegations have been made that the mayor has engaged in behavior that could be considered criminal as it relates to minors.

Currently, the Stockbridge City Council is poised to invoke the removal clause in the City Charter. Tensions are high amongst council members and the general public. The Stockbridge Legislative delegation feels very strongly that this use of this clause in the Charter could foment continued distrust in the efficient operation of the City of Stockbridge and could hinder the prosecution of any criminal conduct that may have occurred. Therefore, the Stockbridge Legislative Delegation respectfully requests the Governor's support in requesting an independent investigation by the GBI concerning these pressing, potentially criminal, matters that are affecting the operation and morale of the efficient functioning of City government services in Stockbridge.

Sincerely,

Stockbridge Legislative Delegation:
